MAR 7 - 1949

Index to Gleanings in Bee Culture

Volume LXXVI, 1948

In using this index the reader should not fail to note that it is divided into four departments, namely: General, Editorials, Contributors, and Illustrations. The index of General includes everything except Editorials, Illustrations, and Contributors.

General

A

Advertising, no magic in 548
test campaign for the sale of honey 241
AFB spores produce four antibiotics 77
treating with sulfa for 483
Airplane, first nation-wide announcement ..32
Alabama 159, 506
Aluminum for honey tanks 566
American and English beekeeping conditions 750
A.B.B.A. Convention ..683
Bee Breeders' Association organized 163
American Honey Institute 609
News Notes 31, 87, 148, 240, 293, 382, 450, 495, 563, 715, 763
Annotations 81, 149, 433, 511 564, 648, 692, 756
Apiaries, where to locate in bear country 488
Arizona 36, 446
Arsenic survey in Utah 8
Australian beekeepers follow honey trail ..347

B

Baby bees, more needed 206
Back-lot beekeeping, successful 282
Backyard beekeeping 484
Bars, honey fruit 555
Bavarian pie, honey chocolate 13
Beans, honey baked 623
Bear country, where to locate apiaries in 488
Bee box and honey house 737
business of Otto Beer 680
Culture Laboratory at Madison, Wis., destroyed by fire 88
law, Florida 204
louse 239
paralysis 759
pasture policy, long range 688
shipping cages used again 490
the doctor catches a ..556
trees 345
Beekeeper, amateur, diary of a 673, 746
how to become a 4
Beekeepers benefitted by wax salvage plants 356
Beekeeping, backyard 484
boosting at Los Angeles Co. Fair 549
how to start next spring 758
in New Brunswick 434
in Oregon 684
successful back-lot 282
Beer, Otto, bee business of 680
"Bees and Earthworms" by Barrett 381, 652
do not put in a building 700
flying out on snow 102
grooming dance of 676
in dining room 15
in Illinois in 1873 488
in the 18th century 744
in winter cluster, behavior of 366
killing with Cyanogas 700
my, have let me down 434
prefer pollen supplement to substitute 77
shipped by air 16
stingless 687
training 518
transferring 491
under glass 7, 379
unique book on 354
Ways, by Curtis 309
BHC, toxicity to honeybee 496
Biloxi meeting 22
Black pepper cookies 689
Book on bees, unique 354
Books:
Bees and Earthworms, Barrett 381
Bees' Ways, Curtis 309
Ventilation of Beehives, Wedmore 381
Bran pastry shell 686
Bread, honey bran nut 82
Breeders, bee, proposed organization 19
Bridal shower, for the 353
British Columbia 232, 640
Brood, drone, disposing of 566
or queen, cannot find 635
Bubbles, eliminating from honey 759
Buckwheat honeys, differences in flavors 758
Building, do not put bees in 700
Bulletins:
"Beekeeping near Cotton Fields Dusted with DDT", by S. E. McGregor 480
"Honey and Honey Cooking" 21

C

Caging queen to prevent swarming 26
Cake, sweet cherry honey 489
California 34, 90, 154, 227 302, 371, 443, 501, 579, 639, 707, 767
Cappings, drying 627
safe and economical way for bees to clean 422
Carniolans vs. leather-colored Italians 10
Clipping queens 566
is a must 212
Clover, Ladino 679
seed production 424
Cobbler, honey peach 489
Colonies, making queenless during honey flow 758
1948 goal for 14
spring manipulation of 278
Colony and its spirit 129
boy couldn't kill 651
can't make it swarm ..759
cross, improving temperament 701
grooming, dance of a ..676
how to kill 366
Colorado 36, 229, 373, 581, 709
Color and flavor of legume honeys of northern Miss. River Valley 749
quality of clovers 239
Comb foundation, modern, evolution of 294
honey in the 208, 284
honey production, section 417
Combs, getting capped ..366
of partially granulated honey for package bees 238
old, rendering small amount of 567
what to do with on which bees died during winter 634
Contrary views 7, 379
Cook, why with honey 13
Cookies, black pepper 689
Corn flake fancies, honey (stars) 425
waffles 218
Cup cakes, honey spice 142, 425
Cuyahoga Co. (Ohio) clean-up 584
Cyanogas, killing bees with 700
to destroy bees in a building 239

D

Dance, grooming, and associated activities 676
DDT in relation to honeybee 77
toxicity to honeybee ..496
Demareeing for swarm control 288
Diabetics, can they use honey safely? 102
Diary of an amateur beekeeper 673, 746
Dining room, bees in 15
Doctor catches a bee 556
Do they never 713
Drifting 138
Drone brood, disposing of 566
trap, use of 635
Drones, the 130

E

Eighty years among the bees 27, 100, 162, 222, 294, 360, 430, 498, 574, 650, 690, 757
comment on by J. T. Calvert 629
Electricity for warming and melting honey ..482
Empire State meeting 18
England and Scotland, we visit 70

XUM

English and American beekeeping conditions 750
Equalizing or uniting 81
Excluders, queen, take off in fall 759
Extracted honey, heating before bottling 566
Extractor for beginner 26

F

Facing hives south 16
Fads and follies in beekeeping in 1880-1890 .....360, 430
Federation meeting at Salt Lake City 144
Feeding, stimulative, increase by 566
Fire destroys Wisc. Bee Culture Laboratory ..88
Fireweed honey, production of 740
Flavor and color of legume honeys of northern Miss. river valley 749
Flavors, differences in buckwheat honey 758
Florida 92
bee law discussed 204
state meeting 775
Food chamber, correct position of 701
Foundation, fastening in shallow frames 367
putting in sections 210
Free queen system 435
Freight, honey buyer paying 739
Future of commercial honey industry 1

G

Gill, A. G., death of 435
Gingerbread, honey 142
Glass, bees under 7
Goals for 1948, for colonies 14
Government to buy strong-flavored honey 161, 261
Government to buy table grade honey 451
Grapefruit-avocado salad, honey 353

H

Heat loss through top entrance can beekeeper compensate for? 139
Hernias and backaches avoided 626
Hive containing dead colony, rehabilitating . 634
Hives facing South 16
painting on outside 635
Hoist for truck 626
Honey and Honey Cookery, Bulletin 21
and pollen plants committee 383
baked beans 623
